Customer Problem Statement Template:

The following statements describe the customer's point of view and focus on the main difficulty PocketSmart AI is intended to address.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A budget-conscious online shopper	Find suitable products within my budget	There are too many products and platforms to compare	Prices, features and options are spread across different platforms	Confused, time-consuming and uncertain about my purchase
PS-2	A person planning a home, party or jewelry purchase	Plan my requirements within a fixed budget	It is difficult to identify suitable options	I need to search and compare many products and services manually	Stressed and unsure about making the right choice

Final Problem Statement for PocketSmart AI

Budget-conscious users need a simple AI-powered assistant that can understand their budget and requirements and provide relevant recommendations for products, home planning, party planning and jewelry selection, reducing the need for time-consuming manual comparison.
